Happy Thanksgiving

We hope you and your loved ones enjoy a safe and happy holiday this year. Are you prepared? At Sand Run Pharmacy we are here to help! We encourage you to do everything you can to stay healthy this season... your family needs you! One of the easiest things you can do is get a yearly flu shot. Have you gotten yours? While you love visiting your family members around the holidays, let's not bring any unwelcomed guests like the flu, no one likes a party pooper! We have flu vaccines available any time we're open and our pharmacists can administer vaccinations to anyone 7 years of age and older. So bring in the whole family! Stop in anytime, no appointment necessary. We look forward to helping you.

Pneumonia - Beware!

Did you know that about 900,000 Americans get pneumonia each year in the United States? And, almost half of those patients require a hospital admission! Patients 65 years of age or older are already at an increased risk for pneumococcal pneumonia, which is becoming harder to treat. The key is prevention!

Are you up to date on your pneumonia vaccinations? Did you know there are two different types of vaccines for pneumonia that are recommended? Pneumovax 23 and Prevnar 13. Feel free to call us anytime to see which vaccines you may be due to receive. Ask one of our pharmacists for details.

Tell Your Friends!

Do you have a business, church, or school that would benefit from having a flu clinic? At Sand Run Pharmacy, we can come to you! We'd be happy to schedule a flu shot clinic at your location. Contact Tom to schedule or for more information at tlamb@sandruncharmacy.com or call the pharmacy anytime.

Fresh New Look

For those of you who have a store charge, you may notice that your statement has changed a bit this month. We have switched to a new computer system here at the pharmacy so the monthly statements have a new design. We appreciate your patience as we transition.
