*Happy Holidays!*

**December is finally here and that means it's time to enjoy the holidays with your loved ones! Here are some considerations if you are traveling or just having some holiday fun**

- Be sure to have all your medications filled before you travel anywhere.
- Always carry a list of the medications you are currently taking.
- If you are offered some holiday cheer, check your medications or talk to your pharmacist to see if there are any drug interactions.
- If you are flying and are on any liquid medications, the pharmacy can dispense those in smaller bottles if necessary.
- Have copies of your prescriptions if you are traveling in case your medications are misplaced or lost.

## Plan Ahead

- Don't wait until Christmas Eve to get your prescriptions refilled.
- Call the pharmacy ahead of time in case they need to order your medications.
- Call your doctor and insurance company if you need anything refilled early.
