# FLU VACCINE CLINICS

## Influenza Facts:

-  Leading cause of missed work days in the US (approx. 111 million days missed)
-  Annual direct and indirect costs to US businesses are approx. 11.2 billion USD
-  Flu vaccines reduce lost workdays by 32-42%
-  Cost savings (direct and indirect) are estimated to be \$163.25 per employee
-  Flu vaccination rates and compliance are highest when offered in the workplace

## Why Sand Run?

- We're an independent pharmacy that's much more flexible other companies
- We work with you to fit your needs
- Our flu clinics operated by pharmacists with 20+ years experience - specially trained to provide vaccinations.
- Special requests don't have to go through "upper management" for approval - we respond quickly!
- We will work with you on any insurance issues that may arise
- No off-site managers - You will be scheduling and speaking directly to the personnel who will be servicing your site
- We provide everything needed for the flu clinic - all we require is a small space to set up!

## Frequently Asked Questions

**Q: How do I set up a flu clinic?**

A: Send us an email or call to schedule a date and time that works best for you

**Q: Is there a minimum number needed?**

A: We ask for each clinic to provide at least 10 employees

**Q: Can employees bring family?**

A: Yes. We can vaccinate those age 7 and above.

**Q: How does the billing process work?**

A: We bill insurance directly with most carriers covering 100% with no co-payments or deductibles. Non-covered employees will be billed to the employer

**Q: What about 1st/2nd/3rd shift employees?**

A: We are able to come at shift change! Or, if an employee cannot make it to clinic day, they may drop by our location and mention your business to receive service with proper billing!
